**IMPORTANT SHIPPING NOTICE:** Regulators sent to us must be packaged in a cardboard box with good packing materials. These units are fragile and care should be taken to make sure the shipping companies do not damage the contents. Please include both the cover, screws and bale with each regulator. We use these items to make sure the board transplant has no interference issues.

Please fill in the information on this form completely. Mail a copy of this form, your check for **\$159.95** and your regulator to the following address: (**The check should be made out to Dean Sprague**)

Dean Sprague  
 6426 Longview Lane  
 Hickory, NC 28601

Our turn-around time is usually 3 to 4 days. Call us prior to sending and we'll plan ahead to make sure you get the upgrade back as soon as possible.
